

In Search For New Customers

How to acquire new prospects and customers ***without*** risking dollars on conventional advertising

If you're looking for NEW customers
and think you need to advertise don't
do a thing until you

WATCH THIS FIRST!

Did **anyone** ever tell you advertising
is a form of **gambling**?

How's that?

No matter where you advertise, someone
is telling you their advertising medium
will generate customers.

Well, if they are so confident, then
why don't they guarantee results?

Next time when they are trying
to close the deal, try saying...

*“I will pay a small fee to set up the ad
plus a fee for each person
your ad generates”.*

What do **YOU** think 99% will say?

NO WAY! Jose.

So, if you feel you need to advertise,
you are then **FORCED** to gamble.

Here's another option!

Ever hear of the word
“Webinar”?

A **webinar** is simply the ability to present your product or service ONLINE to a targeted audience.

Imagine a room filled with people from
all over the world **WHO WANT** to
hear and see what you have to offer.

Now imagine having the ability
to sell your product or service
on the spot *if you desire.*

**From the attendee's point of view, it's
like attending a seminar (a class)
about a subject of interest.**

From the presenter's point of view,
it's like doing an infomercial over the
Internet from the comforts of your home,
office or any place that has an
internet connection.

Normally, if you want to do a webinar, you need an online meeting room that you will need to rent by the month that can cost anywhere from \$39 to \$499 a month depending on how many people you want to present to.

Here's the problem.

If you want to conduct your own
webinar you need a list.

If you have one, there is no problem...

UNLESS they have already seen
what you're planning on presenting.

What you **WANT**
are **FRESH EYES!**

In other words – new prospects

Sure, you can purchase a list, but that costs money. Besides, you really don't want to spam people these days.

Now Imagine...

A new type of webinar platform with...

NO

- ***No tools to buy,***
- ***No ads to run,***
- ***No lists to purchase,***
- ***No contracts to sign and***
- ***No software to install.***

***In fact, you don't even
need a website.***

SPEAKER BIO

As a renowned public speaker, author and television personality, *Les Brown* has risen to national prominence by delivering a high energy message which tells people how to shake off mediocrity and live up to their greatness. It is a message *Les Brown* has learned from his own life and one he is helping others apply to their lives.

Born a twin in low-income Liberty City in Miami, Florida, *Les* and his twin brother, *Wes*, were adopted when they were six weeks old by Mrs. *Mamie Brown*, a single woman who had very little education and financial means, but a very big heart. As a child his inattention to school work, his restless energy and the failure of his teachers to recognize his real potential resulted in him being mislabeled as a slow learner. The label and the stigma stayed with *Les Brown* damaging his self-esteem to such an extent that it took several years to overcome.
